

ARROWHEAD SYSTEMS, INC.

A Dominant Force in Material Handling

Arrowhead Systems, Inc. appoints Shawn Grant as Vice President of Business Development and Strategic Accounts

OSHKOSH, Wis. (September 14, 2015) – Pat Vincent, President and Chief Operating Officer of Arrowhead Systems announced the appointment of Shawn Grant as the company’s Vice President of Business Development and Strategic Accounts.

In Grant’s newly developed role, he will concentrate on enhancing relationships with top players in the company’s present markets and identify new industry opportunities. Currently Arrowhead Systems’ conveyors and material handling equipment can be found in food, beverage, pharmaceutical, household products, container manufacturing plants throughout the world; but there is growth potential in many markets.

Grant has been part of the Arrowhead Systems organization since 1995. He started his tenure as the Service Manager for the Busse/SJI product line and later became the Sales Manager of Strategic Accounts for Arrowhead Systems. His most recent responsibility was Vice President of Sales and Marketing in which he successfully increased the strengths and capabilities of his departments. Prior to joining the Arrowhead Systems organization, Grant developed his technical background through sales management positions at both the Dallas Corporation and Englewood Electric. He holds a business administration degree from the University of Wisconsin-Oshkosh.

“Shawn has been an extremely valuable asset for our sales force, management team, and overall organization,” said Pat Vincent. “For the past 20 years, he has consistently exceeded our expectations with every task he has been given. We are confident that with Shawn will succeed in deepening our company’s relationships with key industry players and expanding our market coverage.”
